

▲ MODEL: WA60

WATERFALL APPLICATOR WITH RETURN CONVEYOR

The Pizzamatic Waterfall Product Applicator Provides high versatility with its ability to deposit and apply a variety of cheese, IQF vegetables and IQF meats. The WA60 evenly applies ingredients to crusts as they continuously pass on the conveyor below. The machine can be configured with a return system (shown above) to achieve maximum efficiency. The WA60, WV60 and WM60 are USDA Compliant and are constructed for easy sanitation and maintenance. The waterfall applicator can be configured with Pizzamatics gravimetric weigh system to provide additional deposit accuracy.

FEATURES:

- Multiple Ingredient Applicator (cheese, IQF meats and vegetables)
- Adjustable Portion Control
- Fully Adjustable Uniform Pattern Spread
- Heavy Duty Stainless Steel Construction With Single Lane Conveyor
- Fully Automatic Controlled Product Belt
- PLC Controlled System With Built In Diagnostics
